

Explanation of Activity: The Exit Ticket portion of the Digitability lesson plan provides your student with the opportunity to develop and strengthen their expressive and receptive language abilities. Modified for at-home use with siblings and/or friends, students can practice their public speaking skills using critically important digital literacy vocabulary.

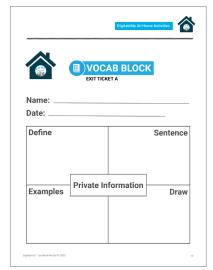

STEP 1

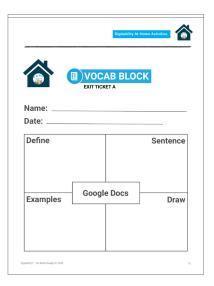

Play the [term/activity] video, telling students beforehand that they must show a Thumbs Up when they hear the keyword/phrase in the video. You can assign some sort of reward/incentive for each instance of participation.

STEP 2

Print the downloadable Exit Ticket activity (options below) that you would like to complete with your student and have him/her complete each section accordingly:

1

Pro-Tip: Utilize a timer, rewarding some incentive you deem appropriate for completing each section of the Exit Ticket in a required amount of time (reduce the payoff the longer it takes him/her accordingly).

STEP 3

Now that your student has completed each section of the Vocab Block, have him/her stand and present their Vocab Block. He/she can use the Presenter Sentence Starters (below), if necessary:

DEFINE: "In my first box, I copied the definition of [term], which is...[student repeats definition clearly and slowly]..." (Don't be afraid to have him/her repeat as necessary)

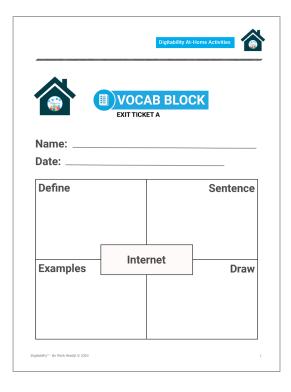

SENTENCE: "In this second box, I used [term] in my own sentence, writing, '[student reads their unique sentence]."

EXAMPLES: "Down here in my third box, I listed examples of [term]..."

DRAW: "In my last box, I drew [student explains what the image is] because [student makes clear connection to image's relation to term/phrase]." (Challenge your student to draw more specific images. When possible, avoid more general images like a computer.)

STEP 4

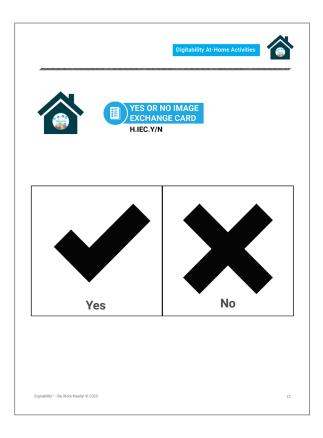

Having heard your student's explanations, it is your turn to provide him/her feedback on their presentation. See below for sentence starters to help you:

INFORMAL ASSESSMENT

Student Name	What is the Internet?	Private Information	Google Docs
Franklin M.	IIII	III	IIII

Have your student define the term, copying from the traceable (include traceable for each keyword/term?? If not, let's include a pre-made, downloadable, large-text definition sheet)

Have your student write their own sentence using the word/term (Pro Tip: challenge your student by giving them a second, random word to include in their sentence. This almost always eliminates generic sentences like "I use [term]...when I go on the computer" or "[Term] is when...)

Title goes Here Example: Internet, Private Information, Google Docs

Have your student list as many examples of/for [term] as possible

Have your student draw an image to show that they understand [word/term]
