

Schools across the country are using Digitability as an at-home resource to support student growth during the COVID-19 pandemic.

Digitability At-Home Resources Support:

- Social-Emotional Skill Development
- Expressive/Receptive Language Development
- Digital Literacy
- Functional Academics
- Transition and Workplace Readiness Training
- And more!

**Contact Your School
to Get Digitability
Starting at \$20/Student**

Digitability™
Be Work Ready!

Digitability is the only scalable, STEM-focused model that continues to be recognized as an innovative solution to the unemployment crisis facing a large – and growing – population of those with disabilities. **Whereas less than 30% of people with disabilities are employed, 70% of Digitability graduates obtain full-time employment.**

Something for EVERY Student: The needs of individuals who participate in Digitability run the gamut. All of your resources are extensively differentiated to support a wide range of cognitive, communication and behavioral needs.

Reduce Time Planning & Progress Monitoring: Digitability manages your existing special education priorities into a streamlined process. We have all the tools to enhance existing programming or serve as a foundation for innovative programming at any school or in any classroom.

Program Resources Include:

- ✓ **700+** Digital Literacy Lesson Plans
- ✓ **200+** Social, Communication & Behavior Resources
- ✓ **600+** Workplace Readiness Activities
- ✓ **100+** Functional Academic Resources
- ✓ **900+** Interactive Online Activities
- ✓ IEP Goal Bank and Progress Reports
- ✓ Data Dashboard to Track IEP Transition Data
- ✓ Year-long, teacher coaching on Evidence-based Practices

Earn Amazon Gift Cards! Our teacher coaching and professional development services reward each teacher with Amazon Gift cards throughout their process of achieving mastery of evidence-based practices and improving transition outcomes for students.

JOBS

Students Obtain Full-Time Employment: Each student graduates with a work-ready, skills-based portfolio and the social/emotional ability to persevere, self-regulate and self-advocate in learning environments that simulate “real-world” workplace settings. Digitability’s program for today’s modern workplaces has been featured on **MSNBC, CNET, NPR, TechCrunch, Ted Talks**, and showcased at **Silicon Valley’s Social Innovation Summit**.

Dr. David Mandell, Sc.D.

Director, Center for Mental Health Policy and Services,
University of Pennsylvania | Pennsylvania

“Digitability gives schools an opportunity to provide support to high school students with autism in a way they wouldn’t be able to otherwise.”

Dana Steinwart

Lead Transition Teacher, Blue Valley School
District | Kansas

“What I enjoy most about Digitability is the class participation I get due to the classroom economy system. Earning dollars is highly motivating, and I have 100% class participation. Every student is engaged in the lesson. I have also seen quick behavior changes when students pay dollars for behaviors. I love teaching Digitability.”

Dawn Nuoffer

Executive Director, Down Syndrome Association
of Wisconsin | Wisconsin

“We have seen great success with Digitability. In the short time we have been offering this course, we have opened multiple class locations and will continue to replicate it across Wisconsin. Digitability is changing lives and helping our friends to secure meaningful jobs!”

Tracey Sterling

Supervisor of Special Education, Perkiomen Valley School
District | Pennsylvania

“We brought Digitability to Perkiomen Valley School District because of the scope and relevance of its unique digital content. The training was differentiated and tailored to each of our students’ needs through evidence-based practices.”

Digitability Sample Functional Academic Activities

Topics Covered: Writing/Online Research/Comprehension/Tech Vocabulary/Financial Literacy

When students complete all online video modules in Unit 1: Internet Basics, they will be able to define basic internet vocabulary and will apply their new knowledge in a writing activity.

The writing and comprehension activities included in this packet can be differentiated to meet a wide range of needs using **Digitability's Three-Tiered System**. You can review several modified activities and choose the appropriate resource based on student need.

Tier 1: Writing Paragraphs Online Research Reports

Tier 2: Fill-In-The-Blank

Tier 3: Closed Sentences/Traceables/Modified Questioning

Tier 1 Materials Needed:

Directions:

***Recommended:** Share the **TAG Writing Rubric** with students ahead of time so they are aware of evaluation criteria.

STEP 2: Using the **TAG Writing Rubric**, review student writing prompts for topic sentences, spelling, grammar, and other criteria outlined.

Step 4: You can issue paychecks to each student and track account balances as students pay virtual bills and purchase rewards.

STEP 5 (Extension): To strengthen expressive/receptive language, have each student translate their Writing Prompt into an online presentation using any presentation software. You can utilize your Digitability library of video lessons that teach students how to do this in Google Slides. Students can present and receive feedback from peers using the strategies taught in each Digitability Exit Ticket.

Functional Academics — Using Internet Vocabulary for Comprehension and Financial Literacy

Tier 3 Materials Needed:

TAG Writing Prompt (1.TAG.3) | TAG Check Your Answer (1.TAG.3) | Yes/No modification resources | Traceables | Digitability Paychecks

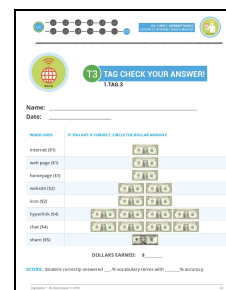

Directions:

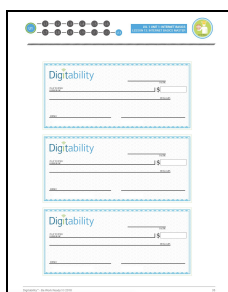

The form is titled "TAG WRITING PROMPT" and "Task 3". It includes a "Name:" field, a "Date:" field, and a "WORD BANK" section with the words: keyboard, save, search, website, internet, web page, message, site. The main text of the prompt is: "The Internet can be used to do many things. The _____ is a computer network that connects people all over the world. This means that people all over the world can use and interact with the same _____, and each other. One thing that you can do on the Internet is to explore websites. When you first access a website you will be on the _____ of the website's first page. The homepage is a _____ that looks different but is a part of a website. There are _____ or pictures that stand for something else on the website that you can click on to see photos, videos, and more. You can even click on links, ordered lists called a _____ that will connect you to different websites. You can also use different web services to watch videos, post photos, and much, much more. Finally, you can use the Internet to _____ with friends, share photos and videos, and _____ and learn about anything you want." At the bottom, there is a "SCORE:" line: "Student correctly answered _____ of 10 vocabulary terms with _____ in accuracy."

STEP 1: For each sentence, student(s) circle the correct vocabulary word on the **TAG Writing Prompt (1.TAG.3)**.

STEP 2: Using the **TAG Check Your Answer (1.TAG.3)** resource, student(s) calculate their earnings given how many sentences they correctly answered.

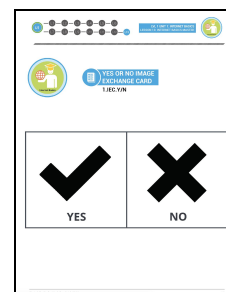

The form is titled "TAG CHECK YOUR ANSWER!" and "Task 3". It includes a "Name:" field, a "Date:" field, and a "WORD BANK" section with the words: keyboard, save, search, website, internet, web page, message, site. The main text of the prompt is: "The Internet can be used to do many things. The _____ is a computer network that connects people all over the world. This means that people all over the world can use and interact with the same _____, and each other. One thing that you can do on the Internet is to explore websites. When you first access a website you will be on the _____ of the website's first page. The homepage is a _____ that looks different but is a part of a website. There are _____ or pictures that stand for something else on the website that you can click on to see photos, videos, and more. You can even click on links, ordered lists called a _____ that will connect you to different websites. You can also use different web services to watch videos, post photos, and much, much more. Finally, you can use the Internet to _____ with friends, share photos and videos, and _____ and learn about anything you want." At the bottom, there is a "SCORE:" line: "Student correctly answered _____ of 10 vocabulary terms with _____ in accuracy."

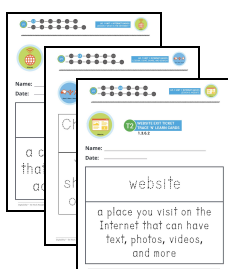

The form is titled "Digitability" and "Task 3". It includes a "Name:" field, a "Date:" field, and a "WORD BANK" section with the words: keyboard, save, search, website, internet, web page, message, site. The main text of the prompt is: "The Internet can be used to do many things. The _____ is a computer network that connects people all over the world. This means that people all over the world can use and interact with the same _____, and each other. One thing that you can do on the Internet is to explore websites. When you first access a website you will be on the _____ of the website's first page. The homepage is a _____ that looks different but is a part of a website. There are _____ or pictures that stand for something else on the website that you can click on to see photos, videos, and more. You can even click on links, ordered lists called a _____ that will connect you to different websites. You can also use different web services to watch videos, post photos, and much, much more. Finally, you can use the Internet to _____ with friends, share photos and videos, and _____ and learn about anything you want." At the bottom, there is a "SCORE:" line: "Student correctly answered _____ of 10 vocabulary terms with _____ in accuracy."

Step 3: You can issue paychecks to each student and track account balances as students pay virtual bills and purchase rewards. Teachers can work with parents/guardians to coordinate additional or alternative at-home incentives that reinforce appropriate workplace behaviors.

STEP 4: For students with limited expressive language, teachers can use **Modified Questioning (Yes/No prompts)** and the **Yes/No Image Exchange Card**.

The card is titled "YES OR NO IMAGE EXCHANGE CARD" and "Task 3". It includes a "Name:" field, a "Date:" field, and a "WORD BANK" section with the words: keyboard, save, search, website, internet, web page, message, site. The main text of the prompt is: "The Internet can be used to do many things. The _____ is a computer network that connects people all over the world. This means that people all over the world can use and interact with the same _____, and each other. One thing that you can do on the Internet is to explore websites. When you first access a website you will be on the _____ of the website's first page. The homepage is a _____ that looks different but is a part of a website. There are _____ or pictures that stand for something else on the website that you can click on to see photos, videos, and more. You can even click on links, ordered lists called a _____ that will connect you to different websites. You can also use different web services to watch videos, post photos, and much, much more. Finally, you can use the Internet to _____ with friends, share photos and videos, and _____ and learn about anything you want." At the bottom, there is a "SCORE:" line: "Student correctly answered _____ of 10 vocabulary terms with _____ in accuracy."

The form is titled "Traceable resources" and "Task 3". It includes a "Name:" field, a "Date:" field, and a "WORD BANK" section with the words: keyboard, save, search, website, internet, web page, message, site. The main text of the prompt is: "The Internet can be used to do many things. The _____ is a computer network that connects people all over the world. This means that people all over the world can use and interact with the same _____, and each other. One thing that you can do on the Internet is to explore websites. When you first access a website you will be on the _____ of the website's first page. The homepage is a _____ that looks different but is a part of a website. There are _____ or pictures that stand for something else on the website that you can click on to see photos, videos, and more. You can even click on links, ordered lists called a _____ that will connect you to different websites. You can also use different web services to watch videos, post photos, and much, much more. Finally, you can use the Internet to _____ with friends, share photos and videos, and _____ and learn about anything you want." At the bottom, there is a "SCORE:" line: "Student correctly answered _____ of 10 vocabulary terms with _____ in accuracy."

STEP 5: For students with limited gross motor abilities, utilize the Differentiated traceable resources along with the **Yes/No Image Exchange Card** and **Modified Questioning (Yes/No prompts)** to have them present.
