UNIT 1: INTERNET BASICS LESSON 13: INTERNET BASICS MASTER BADGE

LESSON OVERVIEW

The Internet is a computer network that connects people across the world. You can visit a website to chat, share and search on the Internet. You know the parts of a website: home page, menu, links and buttons Take your time! Look at each web page carefully!

Time: ~25 minutes

OBJECTIVE

Student is able to identify basic Internet terminology.

PRINT PREPARATION

1. Print this unit's Dollar Tracker.

2. Review sequence of activities in lesson.

3. Identify which supplements you will use.

4. Print/Copy/Laminate materials that fit your students' needs.

5. Refer to your Level 1 Guide to read about effective practices.

ONLINE REVIEW

1. Sign into Digitability.com

2. Click **LESSONS** tab

3. Select **Level 1 - Internet Navigator**

4. Select **Unit 1**

5. Select **Lesson 13 - Internet Basics Master Badge**

WORKPLACE BEHAVIOR FOCUS FOR THIS UNIT

Using the Dollar Tracker, award dollars for participation. Identify students who have not earned, or are earning less, and give them opportunities in this lesson to participate and earn money. Dollars are given for participation, not for "correct" answers.

LESSON PLAN

WARM UP

1. Ask students to write down their three favorite badges they have unlocked together.

2. *"For a participation dollar, someone tell me one of their favorite badges."*

3. Give immediate feedback and record Workplace Behavior earnings on the Dollar Earnings Tracker. [1.13.DollarTracker]

Use supplemental material Badge Board **1.BADGE**. See 🔷 DIFFERENTIATION below to identify supplements needed for your students.

"Marcus lists and shares his 3 favorite badges. Nice job participating and earning a dollar, Marcus. What did you like about it? Who else would like to share for a participation dollar?"

Award at least four participation dollars.

DIFFERENTIATION

T1 Correct Verbal Response.

T2 Writes down badge name or walks up to point to badge.

T3 Uses **Badge Board** [1.BADGE] for this Unit.

GUIDED WATCHING

1. Ask, *"For a participation dollar, who can tell me the name of our next badge?"*

Answer: Internet Basics Master Badge

2. Give immediate feedback and record Workplace Behavior earnings on the Dollar Earnings Tracker. [1.13.DollarTracker]

Use supplemental material Badge Board **1.BADGE**. See 👫 **DIFFERENTIATION** below to identify supplements needed for your students.

+$ *"Marcus answers website services. Nice job participating and earning a dollar, Marcus. Who else would like to share for a participation dollar?"*

Award at least four participation dollars.

DIFFERENTIATION

T1 Correct Verbal Response.

T2 Writes down badge name or walks up to point to badge.

T3 Uses **Badge Board** [1.BADGE] for this Unit.

3. Bring students' attention to screen, *"Let's watch this lesson. I know that [student's name] is actively watching because he has his eyes on the screen. When you hear the words "He has learned!" Give me a thumbs up and I'll add participate dollars."*

4. Ask students to give a thumbs up every time they hear and/or see the words "Internet basics" in the video. Distribute **Thumbs Image Exchange cards** [1.13.THUMB]

5. Play video.

STOP -- **Video Ends (Do not click activity Button yet)** --

6. Give immediate feedback and record Workplace Behavior earnings on the Dollar Earnings Tracker. [1.13.DollarTracker]

Use supplemental material Thumbs Image Exchange cards **1.13. THUMB** to students. See **DIFFERENTIATION** below to identify supplements needed for your students.
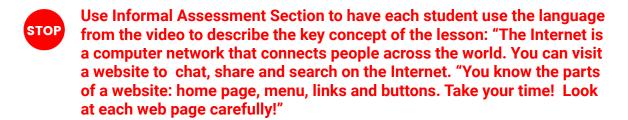

"I see students putting their thumbs up and pointing to thumb cards. Nice Job!"

Award at least four participation dollars.

DIFFERENTIATION

T1 Verbal response with examples of experience

T2 Verbal response or holds up **Thumbs Image Exchange cards** [1.13.THUMB] for potential vocabulary word or

T3 Holds up or points to **Thumbs Image Exchange cards** [1.13.THUMB] to hold up or point to potential vocabulary word or icon

STOP **Use Informal Assessment Section to have each student use the language from the video to describe the key concept of the lesson: "The Internet is a computer network that connects people across the world. You can visit a website to chat, share and search on the Internet. "You know the parts of a website: home page, menu, links and buttons. Take your time! Look at each web page carefully!"**

Throughout the Informal Assessment section, you will prompt students until they use the language from the video to describe the key concept.

Once this is done, have every student in the class use their language to state the key concept.

INFORMAL ASSESSMENT (AFTER PLAYING VIDEO)

? 1. Ask, *"For a participation dollar, what is the definition of the Internet?"*

U1 — L1 — L2 — L3 — L4 — L5 — L6
L7 — L8 — L9 — L10 — L11 — L12 — L13

**LVL 1 UNIT 1: INTERNET BASICS
LESSON 13: INTERNET BASICS MASTER
BADGE**

Internet Basics

2. Ask, *"For a participation dollar, when I visit a website, the first question I must ask myself is, 'What am I looking for?'"*

3. Ask, *"For a participation dollar, tell me is a hyperlink underlined in blue and does it connect you to another website or webpage?"*

Structure prompting to get students to come up with a definition using language from the video.

Key Concept: "The Internet is a computer network that connects people across the world. You can visit a website to chat, share and search on the Internet. You know the parts of a website: home page, menu, links and buttons Take you time! Look at each web page carefully!"

Optional: Write the term and your definition in notebooks after student

4. Give immediate feedback and record Workplace Behavior earnings on the Dollar Earnings Tracker. [1.13.DollarTracker]

Use supplemental material YES/NO Image Exchange cards **1.IEC.Y/N** to students. See 🎲 **DIFFERENTIATION** below to identify supplements needed for your students.

+$

"Marcus points to his YES/NO card. Nice job participating and earning a dollar Marcus. Who else would like to share for a participation dollar."

Award at least four participation dollars.

DIFFERENTIATION

T1 Verbal response with examples of experience

T2 Verbal response or holds up **YES/NO Image Exchange cards** [1.IEC.Y/N] for a rephrased question

T3 Holds up or points to **YES/NO Image Exchange cards** [1.IEC.Y/N] for a rephrased question

ASSESSMENT/EXIT SLIP: UNIT 2 GOAL SETTING

1. Students will complete the Internet Basics Master Badge Exit Ticket.

2. Student will staple the worksheet into their notebook.

3. Distribute Informal Assessment sheet for each student to complete.

4. Have students complete the Unit 2 Goal Setting worksheet to self-monitor their own progress in Digitability.

Use supplemental material **Internet Basics Master Badge Exit Ticket 1.13.6** to students. See **DIFFERENTIATION** below to identify supplements needed for your students.

DIFFERENTIATION

T1 Students will complete Unit 2 Goals #1 [1.13.6.1]

T2 Students will complete Unit 2 Goals #2 [1.13.6.2]

T3 Students will complete Unit 2 Goals #3 [1.13.6.3]

IMMEDIATE FEEDBACK/NEXT STEPS

1. Students will complete Activity Video in their own accounts for independent practice/homework.

2. Give immediate feedback and record Workplace Behavior earnings on the Dollar Earnings Tracker. [1.13.DollarTracker]

+$

"Marcus works on completing Activity Video. Nice job staying on task and earning a dollar Marcus.

3. Check the student's score for their Unit 1: Internet Basics once they complete their master badge lesson in their student account using the **Progress Report** function under the Student tab on your facilitator account.

DIFFERENTIATION

T1 Student completes Activity Video Independently

T2 Student completes Activity Video Independently

T3 Student completes Activity Video Independently, but may use assistance with using the computer.

4. Read off Dollar Earnings Tracker and announce how many dollars each student earned during the lesson.

5. Students will fill in their dollar earnings from the lesson using their My Digitability Earnings sheet. Have students staple this sheet into their notebooks so they can use it for the entire unit.

END OF UNIT TASKS

1. Play games! These games are designed to reinforce knowledge and develop socialization and communication skills. The Digitability™ Game section includes a variety of games that can be played with students including Bing. What am I?, Matching, Make a Website.

2. Have Students complete the Show What You Know Assessments Independently.

3. Administer the Unit 2 Pre-assessment.

WRAP UP MESSAGE

1. **Have class say the key concepts together.**

Key Concept: "The Internet is a computer network that connects people across the world. You can visit a website to chat, share and search on the Internet. You know the parts of a website home page, menu, links, and buttons Take you time! Look at each web page carefully!"

2. **"Now we know a website is a place you visit on the Internet that can have text, photos, videos, and you can use it in a sentence. Whenever you use the word Internet correctly, and at appropriate times (on-topic), you will earn a dollar."**

UNIT 1: INTERNET BASICS

SHOW WHAT YOU KNOW

STAGE GOAL

Student is able to develop conceptual knowledge and comprehension of using the Internet as measured by the unit objectives below.

OBJECTIVE

Student will be able to identify basic Internet terminology in a paragraph using the TAG writing strategy as measured by Digitability's Unit 1: Show What You Know rubric.

Student will be able to count denominations of money in their equivalent amounts in order to add up the total sum of money earned as measured by Digitability's Unit 1: Show What You Know rubric.

WORK SMARTER, NOT HARDER

Domains: Reading Comprehension, Writing, Math Ability, Money Skills

INCLUDED RESOURCES:

- TAG mini-lesson
- Differentiated writing probes
- Differentiated conceptual math probes
- Differentiated rubrics
- Paychecks

U1 — L1 — L2 — L3 — L4 — L5 — L6
L7 — L8 — L9 — L10 — L11 — L12 — L13

LVL 1 UNIT 1: INTERNET BASICS
LESSON 13: INTERNET BASICS MASTER
BADGE

Internet Basics

EXPLANATION FOR WRITING AND MATH PROBES

Now that students are able to identify basic Internet vocabulary, you can use this activity to address other personalized, educational goals.

Students are given writing probes based on ability and tiered levels. Students complete a writing prompt and math probe based on vocabulary used. Use Digitability Paychecks to positively reward students for the dollars earned in the math probe.

This activity assesses your student' comprehension of Unit 1 through reading comprehension, writing and math ability and money skills.

TAG

SHOW WHAT YOU KNOW

T

Turn the question into an answer.

A

Answer the question.

G

Give 1-3 examples to support your answer.

The Internet is

a computer network that connects people across the world.

For example, you can access the same website from your house or from your classroom.

U1 — L1 — L2 — L3 — L4 — L5 — L6
L7 — L8 — L9 — L10 — L11 — L12 — L13

DIRECTIONS

PART ONE
Whole group mini-lesson on the TAG writing strategy for 10-15 mins.

INTRODUCTION AND SAMPLE SCRIPT

```
T -
A -
G -
```

TEACHER
Write TAG on the board.
"TAG is a writing strategy to make sure we can create a topic sentence to answer a writing a prompt with a clear and full message."

TEACHER
Point to the T on the board.
"The T stands for, 'Turn the question into a topic sentence."
Write "Turn the question into a topic sentence" next to the T.

TEACHER
Point to the A on the board.
"The A stands for, 'Answer the questions.'"
Write "Answer the questions" on the board.

U1 —L1—L2—L3—L4—L5—L6
—L7—L8—L9—L10—L11—L12—L13

LVL 1 UNIT 1: INTERNET BASICS
LESSON 13: INTERNET BASICS MASTER
BADGE

Internet Basics

TEACHER
Point to the G on the board.
"The G stands for, 'Give 1-3 examples to support your answer.'"
Write "Give 1-3 examples to support your answer" next to the G.

TAG PRACTICE

TEACHER
"Let's practice the TAG strategy with this question: what is the Internet?"
Write "What is the Internet?" on the board.

TEACHER
"The first thing we must do to use the TAG writing strategy is to turn the question into a topic sentence."
Point to the T on the board for visual reinforcement
"So, I start by writing"The Internet is..."
Write "The Internet is"

TEACHER
"Now, we must answer the question."
Point to the A on the board.
"Who can tell me what is the Internet?"

STUDENT
Possible answer: a computer network that connects people across the world. This means that people all over the world can view and interact with the same websites and each other.

Possible redirections:
• Network: "Close! But a network is a part of the Internet."
• Website: "Close! But a network is a part of the Internet."

STUDENT
• Turn and talk
• Student[s] point to the Internet definition on the classroom/student **word wall.**
• Play video for Unit 1: Internet Master Badge

TEACHER
"Finally, we need to give 1-3 examples to support our answer."
Point to the G on the board.
"Who can give me an example to prove my answer that the Internet is a computer network that connects people across the world?"

STUDENT
Possible answer:
1. You can access the same website from your house or from your classroom.
2. People from a different city, state or country can view the same website from any computer.

Possible redirections:
- Video games: "Yes, you can play video games on the Internet, but that's a web services on the Internet."
- YouTube: "Yes, you can watch YouTube on the Internet, but that's a website on the Internet."

Possible differentiated responses:
- Turn, talk, and post-it (partners discuss examples and one partner writes the examples down and one partner writes 1 example down on a post-it: note mixed ability partners ideal for this response)
- YouTube: "Yes, you can watch YouTube on the Internet, but that's a website on the Internet."

VOCABULARY CONNECTIONS

TEACHER
"Let's go back and underline our vocabulary words from Unit 1. Remember, use the word wall to help you find our vocabulary words for Unit 1."

STUDENT
Possible answer: Unit 1 vocabulary: Internet, chat, share, search, webpage, website, homepage, menu bar, careful, icons, buttons hyperlinks, field, web services

Possible redirections:
- Student[s] underlines words on the board
- Student[s] points to corresponding words on the word wall

LVL 1 UNIT 1: INTERNET BASICS
LESSON 13: INTERNET BASICS MASTER
BADGE

Internet Basics

Bingo!

Objective   Students are able to identify basic internet terminology.

Differentiated Activity

Materials

10 Bingo boards, 96 Bingo markers,
12 Bingo Clue Cards,
Scissors, a box or a bowl

Activity Description

1 Cut bingo markers and distribute 9 markers per player.

2 Cut clue cards and fold. Place clue cards into a bowl or box.

3 One person should be assigned as the Bingo Host. The Bingo Host will pull out one card and read the clue.

4 Players will check their bingo card to see if they have the vocabulary word that matches the description. If they have a match, the learner can cover it with a bingo marker.

5 Players can decide how to win, ie. three in a row, or an L shape or a square.

☞ Consider laminating materials and using velcro.

☞ Please refer to your supplemental guide for support on reinforcement and prompting.

Bingo!_Clue Card

Clue: It can connect people from all over the world.

Answer: The Internet

Units 1. Internet Basic Vocabulary

Bingo!_Clue Card

Clue: It can do at least 3 things on the Internet. When you use it you can talk with others and view pictures and find lots of information.

Answer: Chat, share, and search

Units 1. Internet Basic Vocabulary

Bingo!_Clue Card

Clue: It is a place on the Internet that you visit, and It has photos, text and videos and you visit it on the Internet.

Answer: Website

Units 1. Internet Basic Vocabulary

Bingo!_Clue Card

Clue: It is a part of a Website and you can view videos, photos and text.

Answer: Webpage

Units 1. Internet Basic Vocabulary
Bingo!_Clue Card

Clue: You will see it on a website and it is the very first page.

Answer: Homepage.

Units 1. Internet Basic Vocabulary
Bingo!_Clue Card

Clue: When you look on a webpage, it's the words that help you find things.

Answer: Menu Bar.

Units 1. Internet Basic Vocabulary
Bingo!_Clue Card

Clue: Safety is its first priority and everytime you click on a webpage you must be very cautious.

Answer: Careful.

Units 1. Internet Basic Vocabulary
Bingo!_Clue Card

Clue: It is the picture that stands for something else.

Answer: Icon.

Make a Webpage

Objective   Students are able to identify basic internet terminology.

Differentiated Activity

Materials
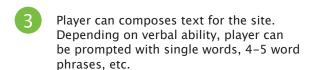

"Let's make a website!" sheet,
Images / photos

Activity Description
1   Player is given the worksheet "Let's Make a Website!" Player is asked to think about the type of website they want to create.

2   Player is asked to create a name for the website.

website name

3   Player can composes text for the site. Depending on verbal ability, player can be prompted with single words, 4–5 word phrases, etc.

website name
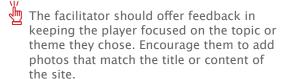

4   Player can draw or cut and paste photos they would want to see on their webpage.

The facilitator should offer feedback in keeping the player focused on the topic or theme they chose. Encourage them to add photos that match the title or content of the site.

Please refer to your supplemental guide for support on reinfrocement and prompting.

Matching!

Objective   Students are able to identify basic internet terminology.

Differentiated Activity

Materials

Vocabulary Word Cards (2),
Picture Exchange Cards (3), scissors

Activity Description

1   Player sits down at table. Player is presented with a single vocabulary word.

Website

2   Facilitator places three images in front of the player.
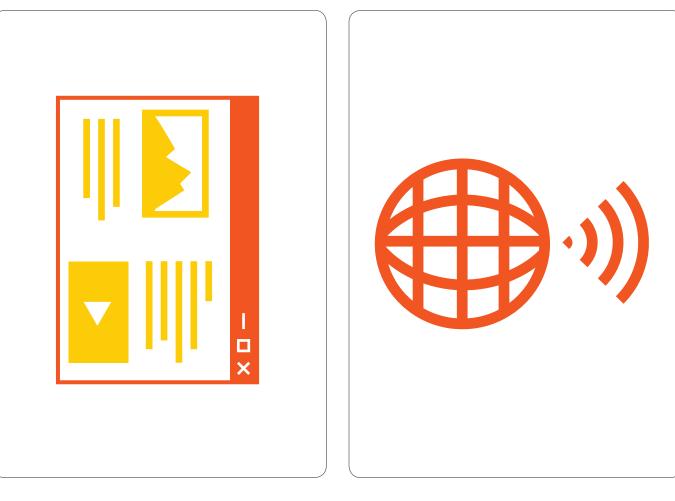

3   Player must choose the picture that matches the vocabulary word.

Website
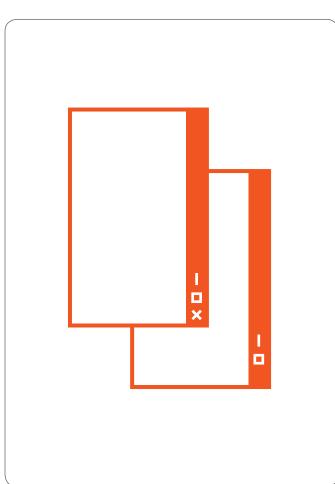

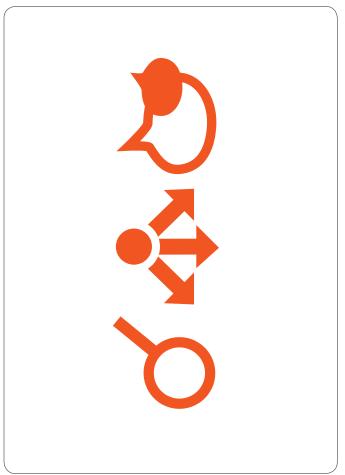

4   If player chooses correctly, player received reinforcment. If the player chooses incorrectly facilitator provides a prompt. This process is repeated based on learning objectives.

Please refer to your supplemental guide for support on reinfrocement and prompting.

Pre-Implementation Assessment Data

Test Administrator: _____

Student: _____ Age: _____

Special Education Classification: _____

Verbal Ability

☐ less than 4 words   ☐ complete sentences

☐ 4–5 words / fragment   ☐ age–appropriate language

Reading Comprehension

☐ on or above grade level

☐ 1–2 years below grade level

☐ 3–4 years below grade level

☐ more than 4 years below grade level

Directions:

Administer the Pre-Implementation Assessment Data Form and the Student Assessment to determine the baseline knowledge of the student. Place the Student Assessment Form in front of the student. To allow the student to focus on one question at a time, consider covering a portion of the page.

Speak the question Statements marked with a Q to prompt the student. The student may speak, point or circle their answer. If the student gives the correct answer as their first response, mark a 1 in the score box. If the student gives an incorrect answer as their first response, mark a 0 in the score box. At the end of the assessment, add the number of correct answers and mark it in the total correct answers box at the bottom of the Data Form.

Unit 2. Basics of Browser

Objective: Student is able to operate basic elements of a browser.

TRIAL 1

Q Circle the picture that will let you view a website.

     a. picture of a browser
     b. picture of an apple
     c. picture of refresh button

● Acceptable answer: a.

☐ Enter 1 for a correct answer

☐ Enter 0 for an incorrect answer

● Student answered in: ☐ less than 4 words   ☐ complete sentence

     ☐ 4–5 words / fragment   ☐ age–appropriate language

TRIAL 2

Q What must you do first to open a browser?

     a. safari icon
     b. forward arrow
     c. key word in field box

● Acceptable answer: a.

☐ Enter 1 for a correct answer

☐ Enter 0 for an incorrect answer

● Student answered in: ☐ less than 4 words   ☐ complete sentence

     ☐ 4–5 words / fragment   ☐ age–appropriate language

TRIAL 3

Q Which one of these images will NOT let you view the internet?

   a. firefox icon
   b. calendar icon
   c. safari browser window

- Acceptable answer: b.

	Enter 1 for a correct answer
	Enter 0 for an incorrect answer

- Student answered in: ☐ less than 4 words   ☐ complete sentence

   ☐ 4–5 words / fragment   ☐ age–appropriate language

TRIAL 4

Q Look at the image of the website. Where is the URL?

   image: picture of a browser with an address bar and a url.

- Acceptable answer: url.

	Enter 1 for a correct answer
	Enter 0 for an incorrect answer

- Student answered in: ☐ less than 4 words   ☐ complete sentence

   ☐ 4–5 words / fragment   ☐ age–appropriate language

TRIAL 5

Q Find the icon on the browser window that will let you reload a webpage that you are viewing.

   a. scroll bar
   b. field box
   c. refresh icon

- Acceptable answer: c.

	Enter 1 for a correct answer
	Enter 0 for an incorrect answer

- Student answered in: ☐ less than 4 words   ☐ complete sentence

   ☐ 4–5 words / fragment   ☐ age–appropriate language

Unit 2 Total score :

✓ Enter the number of correct answers.   ☐ total correct answers   ☐ %

When the student completes this unit in the learning system, you will receive their score for completing the unit's objective. You can compare their baseline score and the progress made to determine the student growth.

Total correct   1= 20%
answers: 2= 40%
   3= 60%
   4= 80%
   5= 100%
