**Objective** Student is able to recognize the function of various Google Internet applications.

## Differentiated Activity

## Materials

9 What am I? Clue Cards, 9 Badges, Scissors, A bowl or box

## Activity Description

**1** Players are each given a lesson badge. However, in this version, players do NOT look at their badges.

**2** Instead, the card must be put on the player's body where they can not see it. Students are paired or put into small groups.

**3** One member of the group is assigned to be the "Shower." The shower presents their lesson badge and asks the group or partner, "What am I?"

**4** Each player takes a turn giving the Shower a clue. When the Shower guesses which badge they are wearing, they can remove their badge and hang it on an approved surface for everyone to see.

**5** Then, a new Shower is assigned and learners repeat step 4 until every shower has had a chance to guess their badge.

Consider laminating materials and using velcro.
