

# Digitability™

## February Week 2 Valentine's Day

Budgeting and Cost Task Cards

Digitability is the only scalable, STEM-focused model that continues to be recognized as an innovative solution to the unemployment crisis facing a large – and growing – population of those with disabilities. **Whereas less than 30% of people with disabilities are employed, 70% of Digitability graduates obtain full-time employment.**

**Something for EVERY Student:** The needs of individuals who participate in Digitability run the gamut. All of your resources are extensively differentiated to support a wide range of cognitive, communication and behavioral needs.

**Reduce Time Planning & Progress Monitoring:** Digitability manages your existing special education priorities into a streamlined process. We have all the tools to enhance existing programming or serve as a foundation for innovative programming at any school or in any classroom.

#### Program Resources Include:

- ✓ **700+** Digital Literacy Lesson Plans
- ✓ **200+** Social, Communication & Behavior Resources

# Instructions:

1. Determine which set of leveled cards your students will use. Different students can use different cards according to their level of need and skill.
2. Students will read directions on each card, or if more support is needed, a peer helper, para, or teacher can read the cards to the student.
3. For word problem cards, students can solve the problems on their own paper.
4. For the other sets of cards, students can circle the correct answer (laminates the cards and use a dry erase marker for repeated use).

## Differentiated Instruction:

**Tier 1: Word problem cards** Students can use manipulatives if needed to solve the equations presented in the word problems on their own paper.

**Tier 2: "Choose Two"** Allow students to use manipulatives as needed and solve equations on their own paper. Students can circle the two gifts they can purchase with their allotted budget.

**Tier 3: "Circle the correct number of dollars"** Students will circle the number of dollars needed to purchase the item shown. Alternatively, students can count out the printable dollars to show the correct number of dollars.

## Incorporate Bankability:

Encourage Participation by offering Bankability Dollars for participation, following directions, staying on-task, and other positive behaviors. Don't forget to add the dollars to the students' Bankability accounts!

At the store, one bouquet of flowers costs \$15 and one box of chocolate costs \$12, how much money do you need to buy two boxes of chocolate and one bouquet of roses?

At the bakery, one Valentine's Day cupcake costs \$5. If you want to buy cupcakes for 3 of your friends, how much money will you spend?

You have \$20 in your wallet. You want to buy a Valentine's Day card for \$5, a box of chocolates for \$9, and a teddy bear for \$7. Do you have enough money for your purchase?

At the florist shop, one flower costs \$3. You have budgeted \$20 to spend on buying flowers. How many flowers can you buy and stay under budget?
