Digitability™
Be Work Ready!

Digitability is the only scalable, STEM-focused model that continues to be recognized as an innovative solution to the unemployment crisis facing a large — and growing — population of those with disabilities. **Whereas less than 30% of people with disabilities are employed, 70% of Digitability graduates obtain full-time employment.**

Something for EVERY Student: The needs of individuals who participate in Digitability run the gamut. All of your resources are extensively differentiated to support a wide range of cognitive, communication and behavioral needs.

Reduce Time Planning & Progress Monitoring: Digitability manages your existing special education priorities into a streamlined process. We have all the tools to enhance existing programming or serve as a foundation for innovative programming at any school or in any classroom.

Program Resources Include:

- ✓ **700+** Digital Literacy Lesson Plans
- ✓ **200+** Social, Communication & Behavior Resources
- ✓ **600+** Workplace Readiness Activities
- ✓ **100+** Functional Academic Resources
- ✓ **900+** Interactive Online Activities
- ✓ IEP Goal Bank and Progress Reports
- ✓ Data Dashboard to Track IEP Transition Data
- ✓ Year-long, teacher coaching on Evidence-based Practices

Earn Amazon Gift Cards! Our teacher coaching and professional development services reward each teacher with Amazon Gift cards throughout their process of achieving mastery of evidence-based practices and improving transition outcomes for students.

JOBS

Students Obtain Full-Time Employment: Each student graduates with a work-ready, skills-based portfolio and the social/emotional ability to persevere, self-regulate and self-advocate in learning environments that simulate "real-world" workplace settings. Digitability's program for today's modern workplaces has been featured on **MSNBC, CNET, NPR, TechCrunch, Ted Talks,** and showcased at **Silicon Valley's Social Innovation Summit.**

Materials

- Printed Private/Public Labels
- Printed Public/Private cards for Tier 3 Differentiation
- Scenario Cards (print, cut, and shuffle)
- Optional- Printed Worksheets (for alternate activity)

Instructions:

- Post "Public" sign on one wall of room and "Private" sign on the opposite wall. Ensure students have ample space to move between the two walls.
- Tell students "***We are going to hear different scenarios about sharing information on the internet. If the student is sharing public information, you will move to the wall marked "Public." If the student is sharing private information,, you will move to the wall labeled "Private."***
- Inform students ***"You will earn a participation dollar for every statement you answer. Once you have identified your answer, I'll ask someone to share more about their answer. Adding to your answer can earn you more participation dollars."***

Differentiated Instruction:

- **Tier 1:** Students will determine if a scenario shows public or private information. Students will state using proper sentences why that information should be kept private or is ok to be public.
- **Tier 2:** Students will determine if a scenario shows public or private information. Students will state why that information should be kept private or is ok to be public.
- **Tier 3:** Students will use a public or private card to show if information in the scenario is public or private.
- **ALTERNATIVE USE:** Students can use the worksheets version of this activity instead of the scenario cards and public/private labels. Assign as many pages as you see fit for each use.

Incorporate Bankability:

- Students will answer questions during the activity and earn Bankability dollars for following directions, participating, and remaining on-task.
- Teachers will enter dollar amounts to the students' Bankability accounts. **Click here to learn more about our Virtual Banking System- Bankability**
