

Digitability™

March Week 4 Internet Terms Bingo

Digitability is the only scalable, STEM-focused model that continues to be recognized as an innovative solution to the unemployment crisis facing a large — and growing — population of those with disabilities. **Whereas less than 30% of people with disabilities are employed, 70% of Digitability graduates obtain full-time employment.**

Something for EVERY Student: The needs of individuals who participate in Digitability run the gamut. All of your resources are extensively differentiated to support a wide range of cognitive, communication and behavioral needs.

Reduce Time Planning & Progress Monitoring: Digitability manages your existing special education priorities into a streamlined process. We have all the tools to enhance existing programming or serve as a foundation for innovative programming at any school or in any classroom.

Program Resources Include:

- ✓ **700+** Digital Literacy Lesson Plans
- ✓ **200+** Social, Communication & Behavior Resources
- ✓ **600+** Workplace Readiness Activities
- ✓ **100+** Functional Academic Resources
- ✓ **900+** Interactive Online Activities
- ✓ IEP Goal Bank and Progress Reports
- ✓ Data Dashboard to Track IEP Transition Data
- ✓ Year-long, teacher coaching on Evidence-based Practices

Earn Amazon Gift Cards! Our teacher coaching and professional development services reward each teacher with Amazon Gift cards throughout their process of achieving mastery of evidence-based practices and improving transition outcomes for students.

JOBS

Students Obtain Full-Time Employment: Each student graduates with a work-ready, skills-based portfolio and the social/emotional ability to persevere, self-regulate and self-advocate in learning environments that simulate “real-world” workplace settings. Digitability’s program for today’s modern workplaces has been featured on **MSNBC, CNET, NPR, TechCrunch, Ted Talks**, and showcased at **Silicon Valley's Social Innovation Summit**.

Teacher Support

- 1:1 Year-Long Coaching
- Evidence-Based Practices Training
- Reward Program

The First Virtual Banking System for Special Education Students

Bankability allows students to experience a modern banking app while learning financial literacy and workplace behavior.

Earn Virtual Money

Earnings	
Gross Pay	\$105.00
Deductions	
- Behaviors	-\$12.00
- Federal Income tax (15%)	-\$15.75
- State Income Tax (5%)	-\$5.25
Net Pay	\$72.00

Students earn a classroom currency for behavior and receive direct deposits into their checking account each payday.

Pay Bills & Purchase Rewards

Date	Description	Category	Amount
11/1/23	Digitability Pay	Income	\$72
11/4/23	Rent	Bill	-\$10
11/6/23	Extra Snack	Reward	-\$2
11/6/23	WiFi	Bill	-\$5
11/6/23	Youtube Time	Reward	-\$5

Customize classroom bills and rewards, run payroll, and approve purchase requests from their Bankability dashboard.

Budgeting Tools

Set a Budget

Income	\$180 of \$200
Purchase	\$15 of \$50
Bills	\$50 of \$100
Fees	\$15 of \$30

Budgeting tools allow students to practice financial decision-making, budgeting, and record-keeping in a controlled environment.

Track Progress

Logged behavior dollars help teachers track behavior overtime. Reports can be generated and shared at the click of a button.

Customize

Rewards for Purchase		
reward type	amount	
YouTube Time	10	
Movie Day	10	
Preferred Activity	5	
Classroom Bills		
bill type	amount	
Rent	20	
Electric Bill	10	

Teachers can customize classroom bills and rewards, run payroll, and approve purchase requests all from their Bankability dashboard.

Behavior Support

Designed by experts, Bankability develops self-regulation strategies and replacement behaviors with comprehensive lesson plans included.

Visit www.digitability.com/bankability to learn more about bringing Bankability to your organization today.

Instructions:

- 1) Tell students ***"We are going to participate in an activity where you will learn about different terms for things you might find or use on the internet."***
- 2) Distribute one Bingo board to each student.
- 3) Inform students ***"Listen to the definition for common internet terms you need to know. Match the definition you hear to one of the terms on your Bingo card."***

Differentiated Instruction:

- Tier 1: Students will listen to the definition and match it with a term on their card.
- Tier 2: Students will listen and match definitions on their cards.
- Tier 3: Students will hear terms and/or definitions and match them to the corresponding image

Incorporate Bankability:

- Students may receive \$1 for each term they define/match
- Students may receive Bankability dollars for completing the entire board or getting 4 in a row.
- Students may receive Bankability dollars for following directions and participating.

INTERNET TERMS BINGO!

Listen to the definitions and match the definition to the term in the boxes below.

internet: a computer network that connects people across the world

Website application: may help you send mail through the internet, listen to music online or organize your personal pictures in a virtual photo album

Hyperlink: a word or group of words that are a blue color and underlined. When you click on one, you will go to a new webpage

Keywords: Words you type to help you find what you are looking for

Website: a place you visit on the Internet. A website can have text, photos, videos, and more

Webpage: A website has many of these. Each looks different, but is a part of the website

URL: a website's address

Menu bar: help you visit different webpages on a website. The words on it will help you to know what is on each page

Icon: a picture that stands for something else

Field: a white box where you type text

Search engine: helps you find things on the internet. Google, Bing, and Yahoo are some examples

Browser: lets you view websites

Scroll bar: a long bar that appears on the side or the bottom of the browser window that lets you move around the webpage

Address bar: a long, white rectangle at the top of a browser window

Refresh: a button that reloads the webpage that you are viewing to your browser window

Homepage: the first page of the website
