

Photo Release Form

Dear Parent/Guardian:

Digitability is an award-winning, work-ready program preparing students for today's tech-driven and social workplaces. We are excited to be supporting the education program of your learner this year.

As part of our program, we will help every student in your learner's classroom develop a Digitability Work-ready Portfolio. This means that your learner will graduate with a professional profile and digital project samples. They will also develop the interviewing skills needed to showcase the work projects completed through Digitability. Digital projects can be hosted on our website and will be publicly available so that your learner can share this experience with future employers. These showcased projects can include the use of photos and videos of students in the classroom.

As we work with your learner's classroom to support their implementation of Digitability, we kindly request that you grant or decline permission for your learner to be photographed and/or filmed by your teacher. If you have any questions about this form or the Digitability program, please feel free to contact us at info@digitability.com.

Additionally, we will host competitions that showcase the work of students across the country. Your learner's classroom may also participate in these competitions and have the opportunity to win new technology and prizes. We hope that you will vote for projects and share the wonderful work being done in the classroom! Learn more about Digitability at digitability.com

Thank you! We look forward to preparing your learner for their transition to independence!

As a parent/guardian of this student, I hereby consent to the use of my learner's image, video, voice, taken during the course of their participation in Digitability's Work Simulations, to be used on the Digitability website, on Digitability social channels or for other print materials. I do this with full knowledge and consent and waive all claims for compensation for use or for damages.
