Dr. David Mandell, Sc.D.

Director, Center for Mental Health Policy and Services,
University of Pennsylvania | Pennsylvania

“Digitability gives schools an opportunity to provide support to high school students with autism in a way they wouldn’t be able to otherwise.”

Dana Steinwart

Lead Transition Teacher, Blue Valley School
District | Kansas

“What I enjoy most about Digitability is the class participation I get due to the classroom economy system. Earning dollars is highly motivating, and I have 100% class participation. Every student is engaged in the lesson. I have also seen quick behavior changes when students pay dollars for behaviors. I love teaching Digitability.”

Dawn Nuoffer

Executive Director, Down Syndrome Association
of Wisconsin | Wisconsin

“We have seen great success with Digitability. In the short time we have been offering this course, we have opened multiple class locations and will continue to replicate it across Wisconsin. Digitability is changing lives and helping our friends to secure meaningful jobs!”

Tracey Sterling

Supervisor of Special Education, Perkiomen Valley School
District | Pennsylvania

“We brought Digitability to Perkiomen Valley School District because of the scope and relevance of its unique digital content. The training was differentiated and tailored to each of our students’ needs through evidence-based practices.”
