Dr. David Mandell, Sc.D.

Director, Center for Mental Health Policy and Services, University of Pennsylvania | Pennsylvania

"Digitability gives schools an opportunity to provide support to high school students with autism in a way they wouldn't be able to otherwise."

Dana Steinwart

Lead Transition Teacher, Blue Valley School District | Kansas

"What I enjoy most about Digitability is the class participation I get due to the classroom economy system. Earning dollars is highly motivating, and I have 100% class participation. Every student is engaged in the lesson. I have also seen quick behavior changes when students pay dollars for behaviors. I love teaching Digitability."

Dawn Nuoffer

Executive Director, Down Syndrome Association of Wisconsin | Wisconsin

"We have seen great success with Digitability. In the short time we have been offering this course, we have opened multiple class locations and will continue to replicate it across Wisconsin. Digitability is changing lives and helping our friends to secure meaningful jobs!"

Tracey Sterling

Supervisor of Special Education, Perkiomen Valley School District | Pennsylvania

"We brought Digitability to Perkiomen Valley School District because of the scope and relevance of its unique digital content. The training was differentiated and tailored to each of our students' needs through evidence-based practices."

Teachers need more than empirical knowledge of Evidence-Based Practices such as Applied Behavior Analysis principles work. They need a ready-to-implement system that has already packaged effective methods for developing social, emotional and communication abilities.

1. 1:1 Year-Long Teacher Training & Coaching

Digitability scaffolds professional development delivering coaching to teachers throughout the school year. This ensures that teachers retain training and are able to generalize or transfer the **use of these evidence-based practices throughout their practice** (not only while implementing Digitability).

2. Evidence-based Practice Training by Experts

Digitability has a professional development training staff who have the requisite knowledge in the area of behavior (BCBA), autism, technology, teacher training, data management educational diagnostic to deliver the requested professional development to 250 teachers in your district.

3. IEP Goal Bank and Progress Monitoring Tools

Digitability includes pre/post-assessment materials for ongoing progress monitoring and clear indications of when and how to adjust instruction. Digitability also includes a Goal Bank for teachers (Speech/Language, Functional Academics, Behavior, Transition)

4. Teacher Rewards Program

Digitability understands the day-to-day demands of teachers. Digitability's Professional Development Reward System incentivizes teachers as they achieve mastery of new evidence-based practices for increasing transition outcomes for students.

5. Easy To Navigate Lesson Planning Materials

All Lessons are pre-written, scripted, differentiated with a variety of adapted print-ready materials. This reduced teacher planning and preparation time and creates a flexible implementation approach.

6. Google Classroom Compatible

In addition to being compatible with Google Classroom, Digitability explicitly trains students to use Google Applications to learn word processing, data entry, organization, professional communication, etc. Digitability also provides teachers with custom Google Doc Templates for creating resumes, presentation personal budgets and more.
