

Digitability is the only scalable, STEM-focused model that continues to be recognized as an innovative solution to the unemployment crisis facing a large – and growing – population of those with disabilities. **Whereas less than 30% of people with disabilities are employed, 70% of Digitability graduates obtain full-time employment.**

Something for EVERY Student: The needs of individuals who participate in Digitability run the gamut. All of your resources are extensively differentiated to support a wide range of cognitive, communication and behavioral needs.

Reduce Time Planning & Progress Monitoring: Digitability manages your existing special education priorities into a streamlined process. We have all the tools to enhance existing programming or serve as a foundation for innovative programming at any school or in any classroom.

Program Resources Include:

- ✓ **700+** Digital Literacy Lesson Plans
- ✓ **200+** Social, Communication & Behavior Resources
- ✓ **600+** Workplace Readiness Activities
- ✓ **100+** Functional Academic Resources
- ✓ **900+** Interactive Online Activities
- ✓ IEP Goal Bank and Progress Reports
- ✓ Data Dashboard to Track IEP Transition Data

The First Virtual Banking System for Special Education Students

Powered By
Digitability

Bankability allows students to experience a modern banking app while learning financial literacy and workplace behavior.

Online Banking is Here!

Bankability works with The Digitability Social Economy, where students earn (and later spend) virtual money for practicing workplace behavior. With Bankability, students now receive direct deposits on payday, review pay stubs and personal bank statements.

Pay Bills and Purchase Rewards

Using Bankability, students manage their checking and savings accounts, pay bills, shop, and review their finances all from their online bank account. Teachers can customize classroom bills and rewards, run payroll, and approve purchase requests all from their Bankability dashboard.

Data & IEP Progress Reports

Bankability also allows teachers to track workplace readiness progress using Digitability's Individual Education Program (IEP) Transition Goal Bank. Assigning each dollar to a behavior will allow teachers to track that behavior overtime. Reports can be generated at the click of a button and shared with their Special Education Team.

Dr. David Mandell, Sc.D.

Director, Center for Mental Health Policy and Services, University of Pennsylvania | Pennsylvania

“Digitability gives schools an opportunity to provide support to high school students with autism in a way they wouldn’t be able to otherwise.”

Dana Steinwart

Lead Transition Teacher, Blue Valley School District | Kansas

“What I enjoy most about Digitability is the class participation I get due to the classroom economy system. Earning dollars is highly motivating, and I have 100% class participation. Every student is engaged in the lesson. I have also seen quick behavior changes when students pay dollars for behaviors. I love teaching Digitability.”

Dawn Nuoffer

Executive Director, Down Syndrome Association of Wisconsin | Wisconsin

“We have seen great success with Digitability. In the short time we have been offering this course, we have opened multiple class locations and will continue to replicate it across Wisconsin. Digitability is changing lives and helping our friends to secure meaningful jobs!”

Tracey Sterling

Supervisor of Special Education, Perkiomen Valley School District | Pennsylvania

“We brought Digitability to Perkiomen Valley School District because of the scope and relevance of its unique digital content. The training was differentiated and tailored to each of our students’ needs through evidence-based practices.”
